1624 E. COMMERCE ST. · IPHONE

Your own app, built for you

Ryan Rodriguez, Founder · Kin Studios, San Antonio · October 16, 2026 · one-time offer for the first 10 businesses

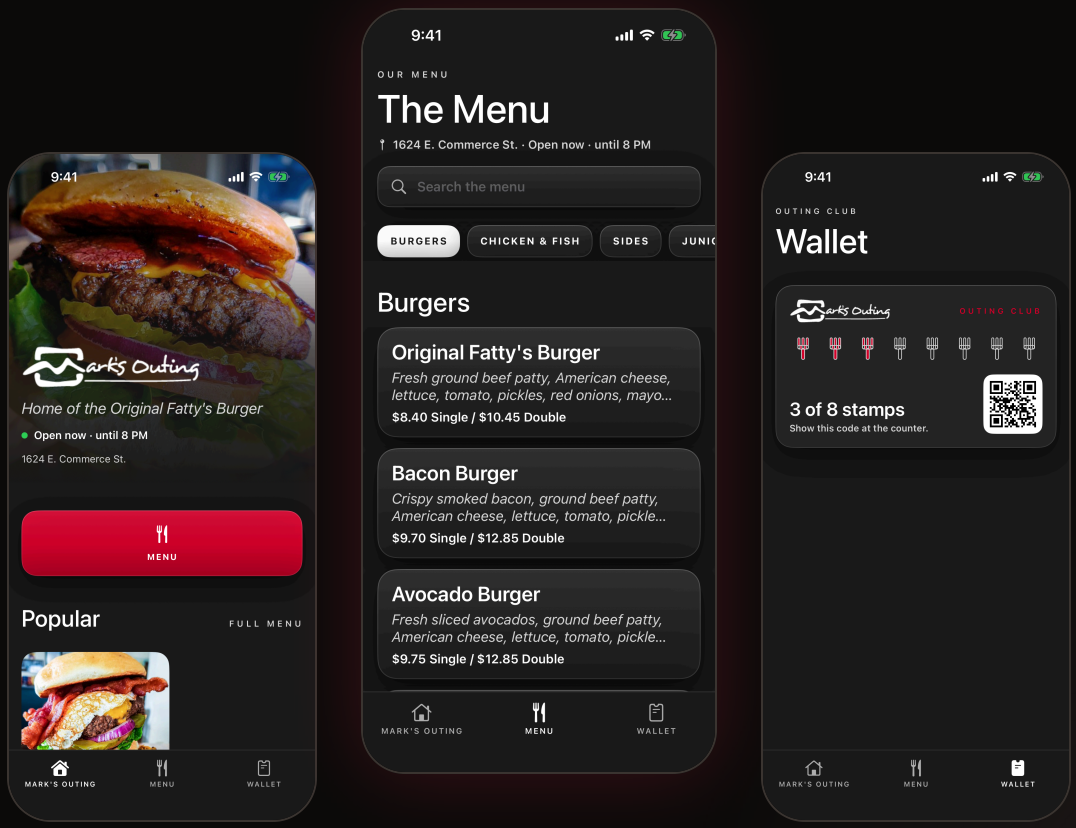

WHAT YOU'RE GETTING

Your menu and your regulars, in their pocket

One app in Mark's Outing's own look, with your logo and your photos. Customers open it to see the menu, check whether you are open and get directions, then collect stamps toward a free burger.

- **Your whole menu.** All 39 items with the prices on marksouting.com: burgers, chicken and fish, sides, junior meals, drinks and desserts, from Original Fatty's Burger to the 2 lb Burger Challenge.
- **Open now, one tap away.** Your hours and a live "Open now until 8 PM" line, with your address and directions for 1624 E. Commerce St.
- **The Outing Club.** A stamp card on the phone instead of in a wallet. You set the reward, for example 8 stamps for a free Original Fatty's Burger.
- **Push notifications you send yourself.** A new burger, a special, where you are setting up next. No agency, no waiting.
- **A website that matches.** A Core website is included, and a custom website design on top of it is part of this offer.

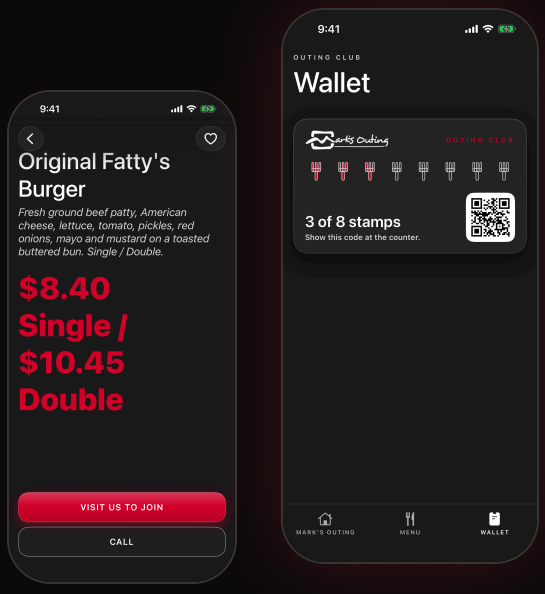

WHY IT PAYS FOR ITSELF

Why it earns its keep

39 menu items with real prices	**1** flagship location, 1624 E. Commerce	**0** setup fee, this offer only	**$199** a month, website included

- **A reason to come back this week.** A stamp card people carry in their pocket gets used. A paper card gets lost.
- **Your own channel.** Delivery apps own the customer. The Mark's Outing app is yours: your customers, your offers, your message.
- **Menu questions answered before they call.** Prices, hours and directions are in the app, so fewer calls at the counter.
- **Fast to update.** Two edit requests a month cover price changes and new items, for the app or the website.

ABOUT THE DEMO

The menu, prices, hours, address and photos in the demo are from marksouting.com. The Outing Club stamps and the announcements are sample content, and ordering and payments are not part of Kin App. Only the 1624 E. Commerce St. location is shown; a second location (Rivercenter) or a food truck feature would be a quoted add-on.

INVESTMENT

Your one-time offer

Kin App normally costs $1,500 to set up, then $199 a month. For the first 10 businesses I'm waiving the setup fee and adding a custom website design, free.

SETUP

~~$1,500~~ $0

Waived for this offer. A free custom website design is added: our Foundation build, normally $1,950.

MONTHLY

$199/mo

12 month minimum. After that it is month to month and you can cancel any time.

The monthly price covers

- Backend hosting and push notification delivery
- Every new iOS release: tested, fixed, rebuilt and resubmitted
- Bug fixes
- Two edit requests a month, for the app or the website
- A Core website, hosted by us

You pay directly

Apple Developer account, in Mark's Outing's name	**$99/yr**
Anything else on the monthly price	**$0**

The app is published on your own Apple Developer account, so it stays yours.

Year one, all in

Setup (normally $1,500)	**$0**
Kin App, 12 months × $199	**$2,388**
Apple Developer account	**$99**
Total, year one	**$2,487**

Without this offer, year one is $3,888 plus $99 for Apple, and the custom website design is $1,950 on top. This offer saves you $3,450.

THE DEAL

The terms

What you own

- The App Store listing, published on your own Apple Developer account
- Your brand, logo and photos
- Your customers' data. If you cancel after the first 12 months, we hand it over.

If you ever leave

- After the first 12 months, cancel any time
- No cancellation fee after month 12

This offer includes

- Setup fee waived ($1,500)
- A free custom website design (Foundation, $1,950 value)
- Kin App at $199 a month with a 12 month minimum
- Limited to the first 10 businesses

Good to know

- **One location.** Kin App is one location with a fixed feature set. Several locations, staff tools or a design built from scratch make it a Custom App, quoted after a call.
- **No payments in the app.** Kin App does not take orders or payments. Kin App Pro does, at $399 a month.
- **Demo data.** What you saw is a demo built from your public information. We confirm every price and hour with you before launch.

HOW WE GET TO LAUNCH

From yes to the App Store

1. **You say yes.** We send the agreement and set up your project.
2. **Apple account.** You apply for an Apple Developer account for Mark's Outing. It can take days to a few weeks, so it starts first.
3. **Your info.** You send the list below. This is what sets the pace.
4. **We build it.** Your menu or catalog, photos, hours, loyalty card and push notifications, in your brand.
5. **Test run.** You and a few regulars use it through Apple's TestFlight. We fix what you find.
6. **Launch.** Apple reviews it and it goes live under your name.

What we need from you

- Your logo files
- Your current menu or price list
- Your hours and phone number
- Your best photos
- Your loyalty reward, for example how many stamps for what
- An email for your Apple Developer account

Ready? Reply "YES".
