ALAMO RANCH, 10885 CULEBRA RD · IPHONE

Your own app, built for you

Ryan Rodriguez, Founder · Kin Studios, San Antonio · October 16, 2026 · one-time offer for the first 10 businesses

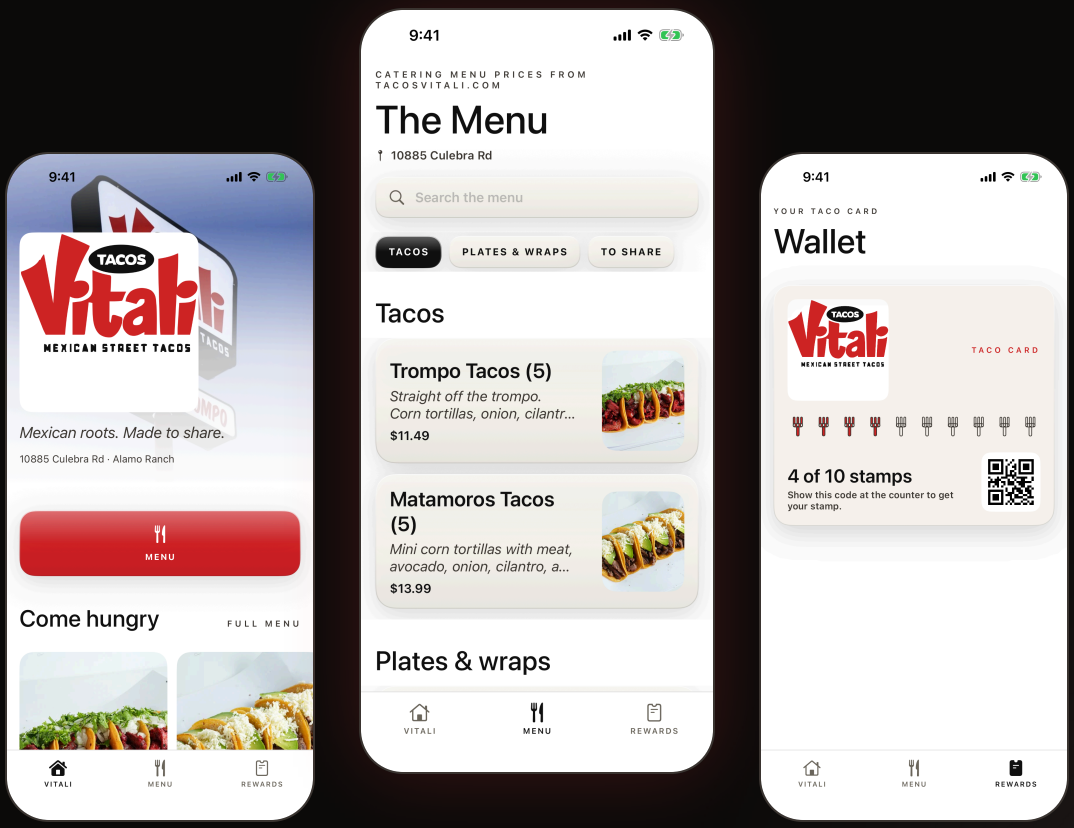

WHAT YOU'RE GETTING

Every taco, on their phone

One app in Tacos Vitali's own red and white, with your logo and your photos. Customers browse the menu, see the Alamo Ranch address and collect stamps toward a free order of tacos.

- **Your menu, with photos.** The demo shows six items with photos and the prices from tacosvitali.com/catering: trompo tacos, matamoros tacos, quesadillas, papa asada, burritos and the parrillada mixta.
- **Directions and your address.** The Alamo Ranch location, 10885 Culebra Rd, with directions. Add your hours and phone when you send them and "Open now" goes live.
- **A taco card.** A stamp card on the phone. You set the reward, for example 10 stamps for a free order of tacos.
- **Push notifications you send yourself.** Specials, a new item, a catering reminder. You write it and send it.
- **A website that matches.** A Core website is included, and a custom website design on top of it is part of this offer.

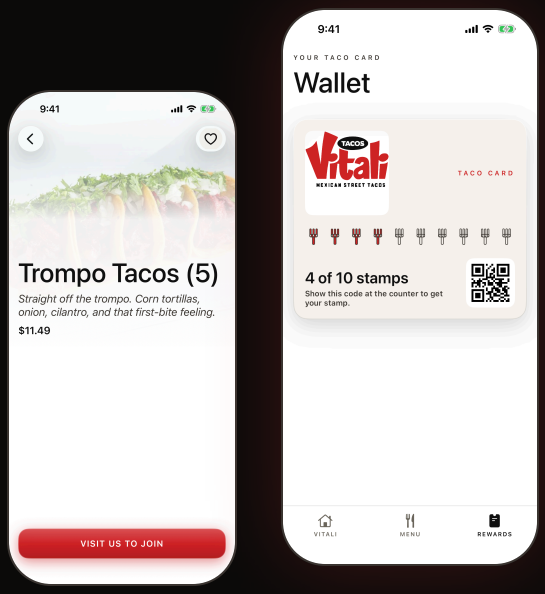

WHY IT PAYS FOR ITSELF

Why it earns its keep

6	1	0	$199
menu items with photos in the demo	location shown, Alamo Ranch	setup fee, this offer only	a month, website included

- **The loyalty card nobody loses.** Stamps live on the phone, so repeat visits are counted without a paper card.
- **Your own channel.** Delivery apps stand between you and your customers. This app is yours: your offers, your message.
- **Specials that reach people.** A push notification goes to everyone who installed the app, the moment you send it.
- **Fast to update.** Two edit requests a month cover menu and price changes, for the app or the website.

ABOUT THE DEMO

The menu items, descriptions, prices and photos in the demo come from tacosvitali.com. Prices are the catering menu prices, which may differ from in-store and delivery prices. Hours and phone are not published on the site, so none are shown. The taco card stamps and the announcements are sample content. Ordering and payments are not part of Kin App. Only Alamo Ranch is shown; Stone Oak and Babcock would be quoted separately.

INVESTMENT

Your one-time offer

Kin App normally costs $1,500 to set up, then $199 a month. For the first 10 businesses I'm waiving the setup fee and adding a custom website design, free.

SETUP

~~$1,500~~ $0

Waived for this offer. A free custom website design is added: our Foundation build, normally $1,950.

MONTHLY

$199/mo

12 month minimum. After that it is month to month and you can cancel any time.

The monthly price covers

- Backend hosting and push notification delivery
- Every new iOS release: tested, fixed, rebuilt and resubmitted
- Bug fixes
- Two edit requests a month, for the app or the website
- A Core website, hosted by us

You pay directly

Apple Developer account, in Tacos Vitali's name	**$99/yr**
Anything else on the monthly price	**$0**

The app is published on your own Apple Developer account, so it stays yours.

Year one, all in

Setup (normally $1,500)	**$0**
Kin App, 12 months × $199	**$2,388**
Apple Developer account	**$99**
Total, year one	**$2,487**

Without this offer, year one is $3,888 plus $99 for Apple, and the custom website design is $1,950 on top. This offer saves you $3,450.

THE DEAL

The terms

What you own

- The App Store listing, published on your own Apple Developer account
- Your brand, logo and photos
- Your customers' data. If you cancel after the first 12 months, we hand it over.

If you ever leave

- After the first 12 months, cancel any time
- No cancellation fee after month 12

This offer includes

- Setup fee waived ($1,500)
- A free custom website design (Foundation, $1,950 value)
- Kin App at $199 a month with a 12 month minimum
- Limited to the first 10 businesses

Good to know

- **One location.** Kin App is one location with a fixed feature set. Several locations, staff tools or a design built from scratch make it a Custom App, quoted after a call.
- **No payments in the app.** Kin App does not take orders or payments. Kin App Pro does, at $399 a month.
- **Demo data.** What you saw is a demo built from your public information. We confirm every price and hour with you before launch.

HOW WE GET TO LAUNCH

From yes to the App Store

1. **You say yes.** We send the agreement and set up your project.
2. **Apple account.** You apply for an Apple Developer account for Tacos Vitali. It can take days to a few weeks, so it starts first.
3. **Your info.** You send the list below. This is what sets the pace.
4. **We build it.** Your menu or catalog, photos, hours, loyalty card and push notifications, in your brand.
5. **Test run.** You and a few regulars use it through Apple's TestFlight. We fix what you find.
6. **Launch.** Apple reviews it and it goes live under your name.

What we need from you

- Your logo files
- Your current menu or price list
- Your hours and phone number
- Your best photos
- Your loyalty reward, for example how many stamps for what
- An email for your Apple Developer account

Ready? Reply "YES".
